The novel follows the story of Jess McDaniel, a young woman who is thrust into the role of White House press secretary after her predecessor is fired in a scandal. Jess is a brilliant and ambitious woman, but she is also inexperienced and idealistic. She quickly learns that the White House is a place where nothing is as it seems and that the truth is often the first casualty.

As Jess navigates the treacherous waters of the White House, she must contend with a cast of complex and often unlikeable characters. There is the narcissistic president, who is more interested in his own image than in governing. There is the ruthless chief of staff, who will stop at nothing to protect the president's agenda. And there is the ambitious press corps, who are always hungry for a scoop.
