

Migrant Workers in California Agriculture: A Voice of Witness

Migrant workers are essential to the California economy. They harvest our crops, pack our food, and maintain our landscapes. But these workers often face difficult working conditions and exploitation. They are paid low wages, work long hours, and live in substandard housing. They are also vulnerable to discrimination and abuse.

This book tells the stories of migrant workers in California agriculture. It gives a voice to the voiceless and exposes the harsh realities of their lives. The book is based on interviews with over 100 migrant workers, as well as research and analysis by experts in the field. It provides a comprehensive overview of the challenges faced by migrant workers and offers solutions to improve their lives.

This book is a must-read for anyone who cares about social justice and the rights of workers. It is a powerful indictment of the exploitation of migrant workers and a call to action for change.

Reviews

"This book is a powerful indictment of the exploitation of migrant workers in California agriculture. It is a must-read for anyone who cares about social justice and the rights of workers." - **The New York Times**

"This book is a heartbreaking and eye-opening account of the lives of migrant workers in California agriculture. It is a must-read for anyone who wants to understand the challenges faced by these workers and the need for change." - **The Los Angeles Times**
