Written by a team of experts in the field, *Surgery Craniofacial Board And Certification Review* covers everything from basic science to surgical techniques. The book is divided into 10 sections, each of which corresponds to a section of the ABOMS exam. Each section includes a concise overview of the topic, followed by a series of review questions. The

questions are designed to test your knowledge of the material and to help you identify areas where you need additional study.

In addition to the review questions, *Surgery Craniofacial Board And Certification Review* also includes:

- Hundreds of high-quality illustrations and photographs

- Tables and charts to summarize key information
- A practice test with 100 questions

Whether you are a resident just starting to prepare for the ABOMS exam or a surgeon preparing for recertification, *Surgery Craniofacial Board And Certification Review* is the essential resource you need.

What is the ABOMS Craniofacial Surgery Board Certification Exam?

The ABOMS Craniofacial Surgery board certification exam is a two-part exam that tests your knowledge and skills in the field of craniofacial surgery. The first part of the exam is a written exam that consists of 200 multiple-choice questions. The second part of the exam is an oral exam that consists of three cases. You must pass both parts of the exam to become board certified.

The ABOMS Craniofacial Surgery board certification exam is a challenging test, but it is essential for surgeons who want to practice craniofacial surgery. Board certification demonstrates that you have the knowledge and skills necessary to provide high-quality care to your patients.
